

Redland City on beautiful Moreton Bay is the home of the **Redlands Sea Dragons**, formed on January 17, 2007. The club covers membership for all ages and is committed to fun, fitness and friendship.

Our aim is to enjoy the sport of dragonboating, while encouraging and assisting our members to achieve their individual goals of fitness and competition. We have members who are committed to goals of paddling in state and national representative teams as well as those who wish to paddle purely for the social and general fitness it offers.

We are establishing ourselves as a club that can cater for both of these levels and anywhere in between.

We received a grant from the Gambling Community Benefit Fund which enabled us to buy a Champion racing boat, paddles, life-jackets and 2 double boat trailers as well as most of the materials to build 3 dragonboats. These boats were completed in April 2008, thanks to the dedication of a small group within the club and generous donations from the local and outer community.

Come along to any paddling session, say Hi and join us for a paddle. No experience necessary, just a willingness to get wet, work with a team and have fun!

See you there.

Location:

Our club house is with the Redland Sea Cadets, 22 Meissner Street, Redland Bay
