

Te Waka Dragons

Committed to team work, training and good doses of laughter Te Waka Dragons has built its reputation among the Queensland dragon boating community over the last seven years.

The past twelve months in particular have been a building period for Te Waka with the acquisition of new boats, and a new intensity in training and competitive spirit.

Club membership has grown to more than 60, and reflects paddlers from diverse cultures, ages (teens to 60+) and backgrounds. Using the Brisbane River as a training ground the club caters to paddlers of all levels, from beginners to the experienced race squad.

Te Waka (*the boat* in Maori) was started by a group of friends wanting to revel in the sport's social nature. Today, the club is proud to be one of Queensland's top teams and represent the sport of dragon boating to the wider community.

Location:

On the Brisbane River, loading from the Ross Street Public Boat Ramp located on the corner of Durong and Ross Streets, Newstead/Breakfast Creek.
